ARTFORART

Prenem l'il·lusionant repte de defensar i actualitzar una marca de 40 anys i afrontem una nova etapa en un món que ha canviat, i nosaltres amb ell.

Noves maneres de comunicar-nos, noves formes de relacionar-nos, noves formes de fer negocis, noves formes de fabricar, noves maneres de viure.

Però en aquest mar de canvis, el foc segueix sent un espectacle que ens absorbeix com ha estat sempre des de temps ancestrals.

I malgrat els canvis, l'art continua i amb ell, l'expressió de valors i emocions.

Traforart: l'art del foc

Tomamos el ilusionante reto de defender y actualizar una marca de 40 años y afrontamos una nueva etapa en un mundo que ha cambiado y nosotros con él.

Nuevas formas de comunicarnos, nuevas formas de relacionarnos, nuevas formas de hacer negocios, nuevas formas de fabricar, nuevas formas de vivir.

Pero en este mar de cambios el fuego sigue siendo un espectáculo que nos absorbe como ha sido siempre desde tiempos ancestrales.

Y a pesar de los cambios, el arte permanece y con él, la expresión de valores y emociones.

Traforart: el Arte del fuego

We take on the exciting challenge of defending and updating a 40-year-old brand, and we face a new stage in a world that has changed, and also us with it.

New ways of communicating, new ways of relating, new ways of doing business, new ways of manufacturing, new ways of living.

But in this time of change, fire continues to be a spectacle that absorbs us as it has always been since ancient times. And despite the changes, art remains and, with it, the expression of values and emotions.

Traforart: the Art of fire

Nous relevons le défi passionnant de défendre et d'actualiser une marque de 40 ans et d'affronter une nouvelle étape dans un monde qui a changé et nous avec.

De nouvelles manières de communiquer, de nouvelles manières d'établir des relations, de nouvelles manières de faire des affaires, de nouvelles manières de fabriquer, de nouvelles manières de vivre.

Mais dans cette époque de changements, le feu continue d'être un spectacle qui nous absorbe comme il l'a toujours été depuis l'Antiquité. Et malgré les changements, l'art demeure et avec lui l'expression des valeurs et des émotions.

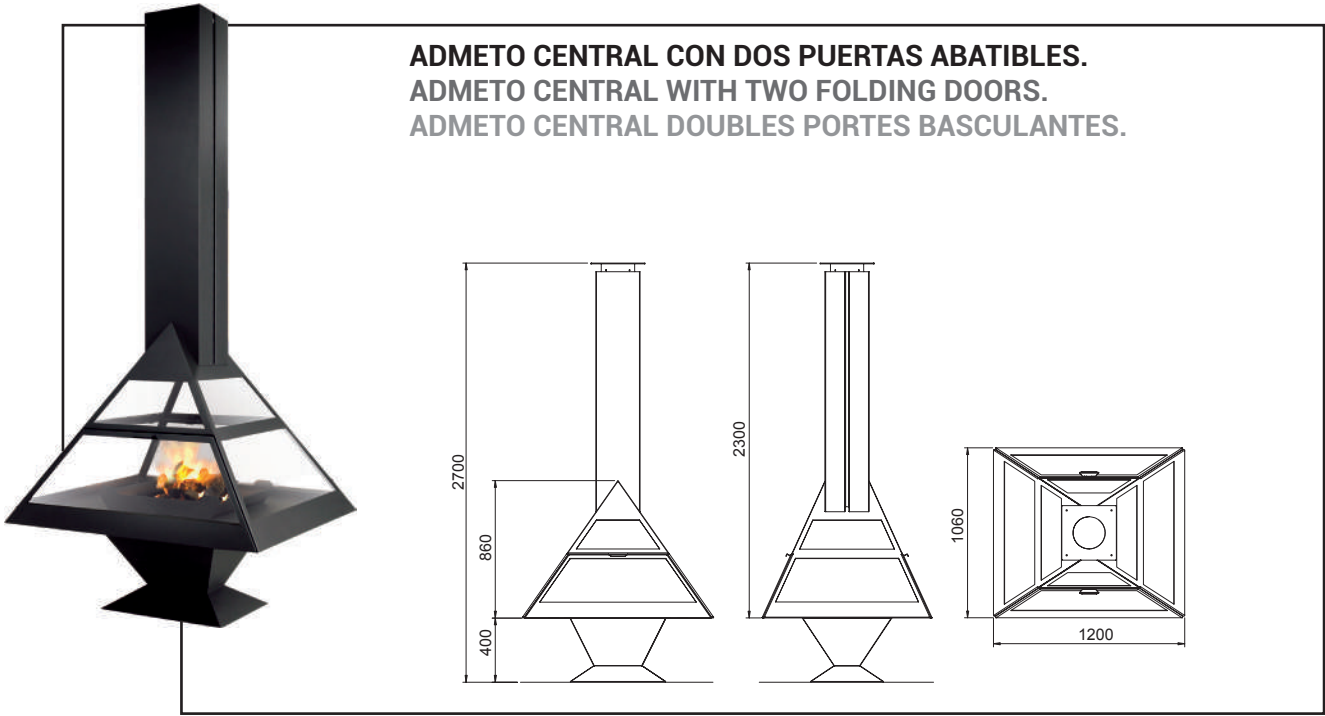

Traforart : l'Art du feu
